GEOGRAPHY | CHARACTER IN GEOGRAPHY

EXPLORE • INVESTIGATE • ANALYSE • EXPLAIN

Character is your superpower

Be Creative • Make a Difference • Skills for Life

In Geography we use our Norms, Values and Character every day to explore our world, people and places, and find solutions to real-world challenges.

OUR NORMS IN ACTION

How We Learn Every Day

RESPECTFUL

- Listen to different viewpoints and experiences.
- Value people, places and environments.
- Be considerate of cultures and communities around the world.

RESPONSIVE

- Be ready to investigate and explore new ideas.
- Act on feedback to improve our work.
- Adapt our thinking when new evidence is found.

RESOLUTE

- Persevere with challenging questions and data.
- Learn from mistakes.
- Keep going to find solutions to real-world geographical issues.

OUR VALUES IN ACTION

In our Geography lessons, we demonstrate the six Nuneaton Academy Values through our curiosity, understanding and approach to learning.

AMBITION

- Aim high in our geographical understanding.
- Take on challenging investigations and enquiries.
- Explore future opportunities in people, places and the environment.

CONFIDENCE

- Share our ideas and findings clearly.
- Use geographical skills and evidence to support our views.
- Present our work with assurance.

CREATIVITY

- Use maps, data and technology in new ways.
- Explore different ideas and possible solutions.
- Think imaginatively about how to make places more sustainable and resilient.

RESPECT

- Value different people, cultures and places.
- Consider the impact of our actions on others and the environment.
- Show care for the world we live in.

ENTHUSIASM

- Take an active part in fieldwork and investigations.
- Show curiosity about our world and its people.
- Share our interest in geographical issues with others.

DETERMINATION

- Keep going when analysis or investigations are challenging.
- Learn from feedback and try again.
- Strive to deepen our understanding of global and local issues, such as climate change and sustainability.
