Most pupils have completed one external assessment for Unit 1 in January 2022. We are expecting these results to be released towards the end of March. After this date we will know who will be entered to sit their second attempt in July.

Until then it is vital that all coursework is completed for Unit 3 and that revision for Unit 1 continues.

There is no published revision guide for this unit but Knowledge Organisers will support pupils learning their milestones.

All pupils will have a Past Papers Pack which will help with their revision.

There are three main areas for pupils to revise and these are opposite.
