

## Edexcel BTEC Tech Award Digital Information Technology

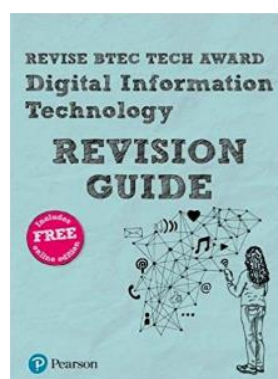

- The Coursework is submitted (60%)! Just the exam to go (40%)
- The theory is split into 4 parts:
  - Modern Technologies
  - Cyber Security
  - Environmental Issues
  - Planning and communication

The Most effective way to revise is answering questions. You have been given an exam book with every question ever asked inside. Answer the questions. If you are stuck, look in the revision guide, answer it and then mark it.

All Lessons and resources are also accessible on Teams.

If you need any assistance, please email:

James.longley@midlandat.co.uk

Copies of the Pearson Revision Guides with online App and exam books have been given to you.
