

Dear Parent / Carer,

RE: BTEC Computing Coursework

Due to the ongoing lockdown and Government requirements, the Pearson Exam board is still expecting coursework for BTEC Level 1/2 Tech Award in information Technology to be completed. Due to these requirements, there is an exceptionally tight time frame in which your child will need to complete their coursework at home as homework while still attending Computing lessons.

Due to this strict time frame, your child has until the 22nd of February to complete Component 2 Section B which is to create a dashboard in Excel. It is vital this section is completed by the deadline in order to pass the course. The key dates for the other tasks are listed below:

Task	Date
Component 2 Section B – Dashboard	February 22 nd
Component 2 Section C – Document	March 26 th
Component 1 Section B - Interface	April 19 th
Component 1 Section B Document	May 10 th

Please help your child by ensuring these Coursework tasks are completed as homework and to ensure that they are attending remote learning lessons. Mr Longley and Mr Patel have produced resources in order help your child in the Year 11 Computing Team on MS Teams.

Many thanks and best regards,

Hayley Robinson
